Secy. San Jose Golf & Country Club,  
San Jose, Cal.

Dear Sir:-

Although I am a non-resident member, I find that I make use of the club quite regularly and with much pleasure and I feel that the extent to which I enjoy the club privileges is probably considerably more than contemplated in fixing the initiation fee for non-resident membership. I therefore take pleasure in handing you my check for \$100. I merely make the suggestion that this is a contribution to the Tennis Court Fund; but of course the Board of Directors is free to use it in any way that seems to them advisable.

Very truly yours,
